

A Royal Affair

More than 180 friends of Marin Breast Cancer Watch gathered to honor this year's "kings" and "queens" in the fight against breast cancer. The event was held at the Mill Valley Community Center, which was festively decorated in red, white, and black to match the "Queen of Hearts"-themed gala. In addition to honoring those who have contributed to the fight against breast cancer and raising funds for the organization, guests enjoyed live swing music, a casino, and a silent auction.
